WHAT A DIFFERENCE A FEW MILES CAN MAKE????

Yes, we will be moving to the Avon-Lima area. No, I'm not leaving John Hancock. This was a difficult decision having lived here for over 17 years, but due to increased business demands, I find it necessary to spend more time at our Rochester office. Locating half way between will not only allow me to accomplish this, but will allow me to better serve and service all my friends and clients in the Dansville area. This move should in no way jeopardize our client relationship. When I have the actual address and phone number, I will let you know.

If you have any questions, please call me at 335-3831. Thanks, Ray.
